POLICE THANKED FOR EFFICIENT CARNIVAL WORK

Director-general James D. Dougherty of the Mid-Pacific Carnival has noted his appreciation of the efforts of the Honolulu police department to preserve order during the Carnival in the following letter to Sheriff Charles Rose, received today:

Honolulu, March 4, 1915.

Dear Sir: On behalf of myself and the board of directors of the Mid-Pacific Carnival, Ltd., I wish to extend to yourself and your force our heartiest congratulations upon the very efficient manner in which the policing of the 1915 Carnival was handled.

At no time, so far as I have personally been advised, was there any complaint against the police or its work. On the contrary I have heard nothing but the highest praise and commendations that rank the Honolulu department well to the fore when aligned against their fellows of the cities of the mainland.

Would ask that you convey my appreciation to all who aided in the conduct of an orderly and successful 1915 Carnival.

Yours sincerely,

JAMES D. DOUGHERTY,

Director-General.

LOCAL BARBERS AGAINST SUNDAY OPEN SHOP LAW

Honolulu barbers are squarely against the proposal before the house of representatives to open the shops on Sunday throughout the Territory.

A petition, largely signed, against the Sunday opening, was presented to the house this morning by Representative Isenberg.

"Four years ago and two years ago this matter of Sunday opening came up," said a boss barber today. "After much work we succeeded in getting the shops closed and now a few people, on behalf of Japanese barbers, I understand, want to have them opened. We are entitled to a day of rest but if one shop opens, all the others will have to open in self-defense or lose their regular customers."

Isenberg explained that the petition was filed to be brought before the house in the event that House Bill 74, which lost out on the vote yesterday, was revived, as supporters of the bill inferred it would be after its defeat.

SPEED RECORD BROKEN IN STREET PAVING

Two records have been broken in the roads department, one in speed of road building, and the other in cost.

The Bilou lane was paved with asphalt-macadam in one day, the total cost being \$100, or 40 cents per square yard.

James Quinn, chairman of the roads committee, who was responsible for the work being done, said the lane had become impassable after a rain.

Charles Clark, Honolulu road overseer, had charge of the work.

ANTI-CIVIL SERVICE BILL KILLED IN HOUSE

Civil service will remain in the police and fire departments of Honolulu for at least two years more. The municipal committee slashed right through Eli Crawford's bill to repeal the civil service statutes and made recommendations that the department of civil service be extended instead of destroyed.

The report says: "After consulting the heads of departments the employees of which are under civil service rules, examining the minutes of the meetings of the civil service commission and viewing the results obtained by it, your committee feels that this commission should be given increased powers, rather than legislated out of existence, and that the employees of other departments should be placed under it."

The motion to amend be overruled. The supreme court upheld his action.

HAWAII CHINESE REFUSE TO JOIN JAPAN BOYCOTT

Honolulu will have no share in the Chinese boycott of Japanese goods, which has spread so rapidly over the coast within the past week. This is the opinion of prominent Chinese in Honolulu.

W. K. Luke, manager of the Liberty News, a local Chinese newspaper, thinks that although the organization of the boycott is very strong the effects will not be felt in Honolulu.

"Business relations between the Japanese and Chinese of Honolulu are too intimate to be suddenly broken off," said Mr. Luke. "There is some rumor to the effect that influential Chinese are coming here from San Francisco to organize the boycott, but I don't know any of their plans."

The boycott was begun in China as a protest of the merchants against the demands made by Japan upon the Chinese government, and has gained considerable force on the mainland of America. In San Francisco the Chinese dealers in Oriental goods say they will place no more orders for such importations from Japan as crab, abalone, apples, flat lotus nuts, silk and cotton kimonos, silk handkerchiefs, matches, toys and other products of the island nation. This trade, they assert, amounts to upward of \$5,000,000 annually.

Matheson, now serving with Company I, 3rd Battalion of Engineers, at Fort Shafter, to be captains.

The petition being circulated by the Germans now has 20 signatures. It is thought double that many will be obtained before the first meeting is called. The petition follows:

"Whereas the National German-American Alliance, incorporated by act of Congress on February 19, A. D. 1907, with headquarters in the city of Philadelphia, Pa., has branches and branch-associations in almost every city, town and village on the mainland of the United States of America, with a total membership of over two million;

GERMANS WROTH AT RESOLUTION PASSED BY S. A. R.

Say Object of Proposed Association is Non-Political and Not Connected With War

Germans today were incensed at the action of the Hawaii Society of the Sons of American Revolution in adopting resolutions by inference condemning the formation of a German-American association here. They said the S. A. R. had jumped at conclusions, and acted on hearsay evidence as to what the Germans intended to do.

It was pointed out that the proposed organization is not a branch of the recently formed German-American Neutrality League but of the National German-American Alliance, an organization started on the mainland in 1907.

"This organization has nothing to do with political questions or the war at all," said W. Wolters. "It is for the purpose of keeping up German ideals and ideas in education and other things. We talked of starting it long before the war and would have done so even if there had been no war. While we have no political objects, of course, we think this is a good time for us to get together with Germans being belittled as much as they are all over the country."

J. F. C. Hagens, another leader in the organization, called attention to the fact that the English residents had organized here right after the start of the war and nothing had been said about it.

"We are limiting ourselves to American citizens and none of our objects will interfere with our citizenship, while the British society took in English citizens. As long as we are doing nothing contrary to our allegiance as American citizens we have the right to have the Sons of American Revolution to interfere with us or any similar body of citizens."
